

We have purchased an SSI Q140HD four-shaft Shredder that will be fully refurbished and will be available for sale over the next few months.

This pre-used shredder, originally manufactured circa 2014, has been fully stripped down, it will have many of the major parts replaced or fully serviced and be fully refurbished to the following original OEM specification;

- 2 x 187 kW (2 x 250 HP) 400/3/50 VAC electric motor hydraulic power unit
- 2,075 mm wide by 2,490 mm long cutting chamber
- 62 mm nominally thick fully rebuilt cutter set with RW1 hard facing
- 90 mm diamond hole screen assembly with roll-off mechanism / support
- SSI master control panel
- The shredder head module alone weighs approximately 31,500 kg
- 13.75 m long by 3.1 m wide by 4.9 m high overall dimensions
- Can be seen when working and while being returned to our workshop in YouTube video link : <https://www.youtube.com/watch?v=oBJrYyqLfml>
- This shredder is capable of shredding many materials at high volumes so it will not be available for long and much more detail can be provided on request

This shredder will come with a complete O & M handbook, spare parts list, spare parts drawings and comes with a 3-month parts and labour warranty.

Price - £ T.B.C. net, ex works Hull

(NB: this will be less than half the price of a new shredder of the same specification)
